

# Community Outreach NEWS

February 2021

Greetings!

Gwinnett Community Outreach promotes strategic communications and outreach with diverse constituencies and coordinates cultural events and programs to encourage and empower residents to be more informed and involved with Gwinnett County Government. Community Outreach News is one way we are able to stay vibrantly connected with our diverse community.

This year, **Black History Month** in Gwinnett County will be celebrated differently than past years, but we can still keep the spirit of this month alive. Please join us as we commemorate African American history and celebrate the path forward.

In addition, we celebrated **Lunar New Year** Friday, February 12, beginning the year of the Ox. If you were born in 1961, 1985, 1997, or 2009, your zodiac sign is an Ox. [Check out the video below](#) which celebrates Lunar New Year with your fellow Gwinnettians.

## 2021 Black History Month Events

human rights for all Americans until his death last year at the age of 82. The event, called The Impact of John Lewis, will stream live on the County's Facebook page, [facebook.com/gwinnettgov](https://www.facebook.com/gwinnettgov).

Applications are open for Gwinnett Community Outreach's signature programs, and those interested in a behind-the-scenes look at their local government are invited to apply.

Applications for the Gwinnett 101 spring class are available online at [Gwinnett101.com](http://Gwinnett101.com). The deadline is **March 1**. The 12-week session begins April 1 and continues through June 22. High school sophomores, juniors, and seniors can take part in the Gwinnett Youth Commission, which consists of an eight-week training session and a graduation, at which participants are sworn-in as youth commissioners. High schoolers can get more information about the program, along with the application, on the [Gwinnett Youth Commission](http://GwinnettYouthCommission) webpage or at [GwinnettCommunityOutreach.com](http://GwinnettCommunityOutreach.com). Masks will be required.

## High schoolers invited to be part of the congressional youth council

The Office of Congresswoman Carolyn Bourdeaux has created the Georgia 7<sup>th</sup> District **Congressional High School Youth Council**. This council will be comprised of two members from each high school in the district as well as a few at-large members. Participants will get to hear from officials from Gwinnett and Forsyth counties to learn more about their roles and how they serve their communities. We hope that this program will help to educate students on the importance of local government as well as inspire them to pursue careers in public service. For more information, contact [Rob.Tester@mail.house.gov](mailto:Rob.Tester@mail.house.gov).

## Wear a mask to enter a Gwinnett County building

Gwinnett County is requiring face masks or face coverings for all visitors and employees while inside County buildings and facilities.

Gwinnett County Board of Commissioners Chairwoman Nicole Hendrickson signed [the executive order](#) in January, which cites [face mask recommendations from the Centers for Disease Control and Prevention](#) to reduce the spread of the disease, and that the Supreme Court has ruled a community has the right to protect its citizens from epidemics. The order allows exceptions for bona fide medical or religious reasons and for people who cannot don or remove masks by themselves.

The mandatory face mask order is necessary to help protect County workers as they provide essential services to the public, Hendrickson said.

The order requires a face mask covering the mouth and nose inside County facilities. People who do not comply may be denied entry or may be asked to leave.

Also, if you are looking for information about the COVID-19 vaccine, visit the Georgia Department of Public Health's [COVID-19 vaccination page](#). Check the website often for participating vaccination sites near you. Additional locations statewide will be added when providers are ready to safely administer the vaccine, and as vaccine supply allows.
