

Recipient Name: Gwinnett County

Grant Number: 08-ns-5063

Report No: 16

Quarter End: 2/28/2013

Final Report: _____

SECTION IV: Work in Progress

Use this section to provide a brief narrative description of work in progress during the reporting period. Use the Project Implementation Schedule included in your application as the basis for reporting.

During the reporting period (12/1/12 - 2/28/13) the Gwinnett County NSP Office neither acquired nor disposed of any properties from the NSP1 DCA Grant. This was due to a combination of changes both within our own office and in our local housing marketplace. We have already begun the process of evaluating our current position in the marketplace and examining how we can best position ourselves moving forward. We anticipate adding at least one to two more homes in the next quarter for this grant source.

Gwinnett County exceeded our 100% expenditure deadline prior to this quarter closing. During the reporting period (12/1/12 - 2/28/13), the Gwinnett NSP1 program received \$141,000 in program income bringing the total revenue received for this grant to \$2,985,777. Quarterly program income expenditures totaling \$85,518 when combined with pending obligations (\$273,032.95) brought the program income fund balance down to \$392,302.52.

SECTION V: Other Supporting Efforts

Use this section to provide a description of all other supporting efforts that have begun, been partially implemented, or completed during this period. Use quantifiable data whenever possible. Use the information from DCA 8 (Budget Analysis) as the basis for reporting.

On January 2, 2013, the Gwinnett County NSP office saw the arrival of two new staff members who immediately took action and initiated a complete internal audit of not only client and project files but also a full analysis of current Policies and Procedures. This important action was taken to ensure that the Gwinnett NSP Program was on track to meet our National Objectives.

As part of the new program's effort the development of an internal budgeting system called a Financial Status Report (FSR) has been devised. The FSR system is designed to help the Gwinnett County NSP office better manage the NSP grants financial data. It is a tool to monitor the flow of expenses and obligations to the Gwinnett County NSP program. It also serves the County as another check on our system to ensure we are fully compliant and in agreement with the County's financial system.

SECTION VI: Problems Encountered / Technical Assistance Needed

Use this section to provide a brief description of any problems or delays encountered or anticipated, or any technical assistance needed from DCA.

Gwinnett NSP staff and asset management firms have noticed a large influx in private investment money being moved into the county in order to buy up foreclosed property. This has been occurring at an increasing rate as the Gwinnett County NSP office has seen examples of where investors have come in and bought up to 100 properties at one time. To combat this influx in private money, continued communication with the National Community Stabilization Trust has begun in order to develop a strategy to utilize their first look program to find homes before private investors have a chance to bid on them.
