

Gwinnett County, Georgia  
**Financial Status Report**  
for the period ended  
**November 30, 2011**

**M E M O R A N D U M**

**TO:** Chairman Charlotte J. Nash  
District Commissioners  
Glenn P. Stephens, County Administrator

**FROM:** Aaron J. Bovos  
Deputy County Administrator/CFO

Maria B. Woods  
Director of Financial Services

**DATE:** December 18, 2011

**SUBJECT:** Monthly Financial Report for the Period Ended November 30, 2011

This report, which includes unaudited information for the fiscal year through November 2011, is prepared by the Department of Financial Services as a monthly summary of revenues and expenditures for all County operating funds. The primary purpose of this monthly report is to provide timely information regarding the status of budgeted and actual revenues and expenditures. This report includes:

- 1) Financial Summaries by Fund (Page 14)
  - 2011 adopted annual budget (adopted by the Board of Commissioners, January 4<sup>th</sup>);
  - current annual budget (adopted annual budget including budget amendments through the current month);
  - year-to-date actual revenues and expenditures (actual amounts received or expended);
  - percentage comparisons to the current annual budget; and
  - fund balance/net assets as of the report date (does not include anticipated revenues or appropriations through year-end).
- 2) General Fund Non-departmental Budget Transfers Schedule (Page 48)
- 3) Inter-fund Transfers – All Funds Schedule (Page 49)
- 4) Budget Adjustments by Fund Schedule (Page 50)
- 5) Purchasing Upcoming Solicitations Report (Page 69)

## Highlights

This report begins by analyzing data using a straight-line monthly calculation. Actual revenues and expenditures/expenses should be at 92% (11/12<sup>th</sup>) of budget this month. This percentage is one indicator to determine if an item is below or above “expectations.” Revenues and expenditures/expenses commonly do not follow a straight-line pattern throughout the year, and this memorandum includes explanations of significant variances.

As of November, the General, 2003 GO Bond Debt Service, Recreation, Street Light, and Speed Hump Funds reflect large variances between actual revenues received and expenditures incurred. One reason for this variance relates to the timing of revenue receipts. A majority of the revenue in these funds is derived from property taxes and assessments which were due in November. However, with the exception of the 2003 GO Bond Debt Service Fund, expenditures are still due to post to these funds, which will reduce the amount of excess revenues over expenditures prior to year end.

Also, please note that in order to facilitate timely monthly reporting, some revenues and expenditures that are attributable to the current month will be reflected in the following month. An example of this is the monthly utility expense interfaces which are not received from the vendor in time to post in the month services are received. Another example is property tax revenue, which is currently posted for collections through November 25<sup>th</sup>.

Special Revenue funds are used to account for proceeds of specific revenue sources that are restricted to expenditures of a specified purpose, and the specific revenue sources make up a substantial portion of the inflows reported in the fund. By definition, if no legally restricted revenue is available, then the activity would either cease or be accounted for in another fund. The County has the following Special Revenue funds: Recreation (105); Speed Hump (003); Street Lighting (002); Juvenile Court Supervision (030); Corrections Inmate (085); Sheriff Inmate (090); Crime Victims Assistance (075); District Attorney Federal Asset Sharing (080); Police Special Justice (070); Police Special Treasury (071); Police Special State (072); Sheriff Special Justice (065); Sheriff Special Treasury (066); Sheriff Special State (067); E-911 (095); Stadium (055); Tourism (050); and Tree Bank (040).

Cash reserves are invested in accordance with the County’s Investment Policy. Interest revenue was budgeted for 2011 based on the State pool investment rate of return. After the budget was proposed, the County had an opportunity to invest in certificates of deposit and money market accounts which earn higher rates of return while maintaining liquidity. Due to the interest rate environment, a conservative increase was approved at reconciliation and some funds have or will exceed the amended budget by year-end.

This year new legislation required the Tax Assessor to mail an Annual Assessment Notice to all properties and extended the appeal period from 30 to 45 days. Subsequently, taxpayers filed more than 31,000 commercial and residential property tax appeals, which represent more than a 200% increase from last year. To date, nearly 98% of the appeals have been settled, leaving 597 appeals outstanding, which equates to \$16.5 million of the tax digest value or \$215,000 in tax revenue. The value of the settled appeals equates to a decrease in tax revenue of approximately \$12 million, which was anticipated in the 2011 adopted budget. As of September 15<sup>th</sup>, all property tax bills were mailed and payments are due by November 15<sup>th</sup>; properties under appeal were billed at 85% of their proposed assessed value.

Pending receipt of final valuations for utility taxes, and in accordance with Senate Bill 346, the County billed 85% of the prior year's taxable value for utility taxes on October 15<sup>th</sup>. The amount billed for the County was approximately \$5 million with a due date of December 15, 2011. The Board of Tax Assessors issued the official 2011 assessments for the utility companies on November 4, 2011, with a 45-day appeal period. Final adjusted tax bills reconciled for prior payments will be issued in mid-January 2012.

Contributions to Capital Project Funds for the District Attorney Federal Asset Sharing (080), Police Special Justice (070), Police Special Treasury (071), Police Special State (072), Crime Victims Assistance (075), E-911 (095), Sheriff Special Justice (065), Sheriff Special Treasury (066), and Sheriff Special State (067) funds cannot be made until expenditures are incurred. Prior to year-end, these funds will be evaluated and transfers processed as required. All General Fund budgeted contributions to capital have been made for the year. Contributions to capital for all other funds are processed monthly.

Fuel was originally budgeted at \$2.75 per gallon; however, in November, the average price paid was \$3.25 per gallon. The current countywide budget is \$5.8 million, and at the end of November, 112% or \$6.57 million has been spent. Based on a projected average price of \$3.26 for the remainder of 2011, the projected year-end expense is \$7.17 million, resulting in a \$1.37 million shortfall. Departments and elected officials are expected to manage fuel expense within their general operating appropriations.

Earlier in the year, multiple cost saving measures were implemented. Of these measures, the savings for 90-day vacancies (GCID 20110242) were originally projected to be \$2.2 million across all funds by year-end. Actual savings related to the 90-day vacancy program were \$6.6 million through November, with \$4.8 million of the savings coming from the General Fund. The savings for the budget necessitated furlough initiative (GCID 20110263) across all funds were projected to be \$2.8 million for 2011, or approximately \$712,000 per day. Actual savings from the first two budget necessitated furloughs were approximately \$1.9 million. On November 15, 2011, the Board of Commissioners eliminated the remaining two budget necessitated furlough days.

## **Fund Details**

### **FUND 001 – General Fund** (Page 14)

The General Fund is the primary tax and operating fund for all County revenues and expenditures that are not accounted for in other funds.

#### **Revenues**

Taxes – Revenues are received from taxes pertaining to real and personal property, public utilities, motor vehicles, and business occupation, as well as penalties and interest paid on delinquent taxes. Real and personal property tax revenues, the primary sources of revenues are based upon the size of the digest, the millage rate, and exemptions. In 2011, taxes were budgeted at \$312.7 million. The largest component of the tax category, real and personal property tax, was budgeted at \$240.5 million. Through November, the County received \$244 million in real and personal property taxes. The County budgeted property taxes conservatively to incorporate both collection rate assumptions and the timing of the property tax payments as one installment in November.

Insurance Premium Taxes – Insurance companies in Georgia are taxed at the state level based on gross revenues from insurance premiums. Each local government's share of this revenue is derived from a formula that represents each local government's relative portion of the population. When Gwinnett received this revenue in October, it was approximately \$5.1 million greater than anticipated. With the completion of the 2010 Census, the state recalculated the distribution of insurance premiums, and because Gwinnett's population grew more rapidly than other jurisdictions in the state, the County's portion of insurance premium tax revenue increased. On November 15<sup>th</sup> the Board of Commissioners approved a resolution which allowed for the adjustment of the 2011 revenue budget based on the amount received. Also, revenues in the 2012 proposed budget were increased to reflect the change in the distribution formula.

Licenses and Permits – The primary sources of revenue are from building permits and business license renewals. Alcohol license renewals were distributed in October with a payment due date of November. When compared to the prior year's revenue collections to date, this revenue category is expected to achieve the annual budget by year end.

Intergovernmental – The sources of revenue in this category are State reimbursements for Superior Court salaries, receipts from the State for transfer tax when real estate is sold in the County, indigent defense reimbursements, emission control rebates, and reimbursements for the law library. When compared to last year's revenue collected through November, this revenue category is expected to achieve the annual budget by year end.

Charges for Services – The primary sources of revenue for this category are judicial fees, ambulance billing, and commission charges for the billing and collection of ad valorem taxes. In addition, an accounting adjustment was made in August to recognize ambulance revenue when cash is received as opposed to when the service is billed. This change is in response to an audit comment in fiscal year 2010 and is in compliance with governmental accounting principles. The entry reduced ambulance revenue by \$3.6 million. On November 15<sup>th</sup>, the Board of Commissioners approved a resolution which allowed for the adjustment of the 2011 revenue budget based on actuals received. As a result of the budget amendment, and coupled with judicial revenues coming in better than the annual budget, Charges for Services is expected to achieve the annual budget by year end.

Fines and Forfeitures – The primary source of revenue for this category is received from fines initiated by public safety and collected through the judicial system. Generally, revenue reporting is one month in arrears. After reconciliation adjustments to reduce revenue budget related to radar enforcement, and when compared to last year's collections to date, the revenue category is expected to achieve the annual budget by year end.

Contributions and Donations – Revenues in this category have exceeded the annual budget by \$56,440. These contributions were for Gwinnett Senior Services.

Miscellaneous – The primary sources of revenue for this category are received from election reimbursements, facilities rental, phone commissions, utility rebates, and purchasing-card rebates. The elections reimbursement will be received before year-end and is anticipated to be less than budgeted, but will be equal to associated expenditures.

Other Financing Sources –The primary sources of this revenue are operating transfers and proceeds from capital asset disposals. This year the Georgia Department of Transportation paid the County \$302,590 (GCID 20110132) for the real estate rights for the State Road 316 project. In addition, the Sheriff and Corrections received \$69,525 from two State Criminal Alien Assistance Program grants. This revenue category is likely to achieve the annual budget by year end.

### Appropriations

Several departments within the General Fund, such as County Administrator, Human Resources, Planning and Development, Fire, and Solicitor have experienced lower expenditures than budgeted partially due to vacancies extending beyond the 90-day period.

Community Services Elections – The expenditures for the November Special Election will post in December. Elections is projected to come in under budget.

Judiciary – Year-to-date expenditures are above expectation due to the payment of interpreter, court reporter, and indigent defense expenditures. The amount needed to cover these payments is transferred from non-departmental reserves quarterly for the first three quarters, then monthly for the last quarter.

### Non-Departmental

Other Miscellaneous – Primary expenditures in this category are for professional services related to legal costs. Please note that legal costs are charged to their respective fund and those discussed here relate only to the General Fund. Based on conversations with the Law department, no significant expenditures are expected through the end of the year and this category will end the year under budget.

Pauper Burial – Expenditures for pauper burials are running higher than historical trends due to a higher volume of people qualifying for this service. A budget amendment was approved in November to cover projected expenditures through the end of the year.

Court Reporters Reserve – On November 15<sup>th</sup>, the Board of Commissioners approved a resolution which allowed for the adjustment of the 2011 appropriations budget based on estimated expenditures for the Court Reporters Reserve. A budget amendment was approved in November to cover projected expenditures through the end of the year.

### **FUND 950 – 2002 General Obligation Refunding Bond Debt Service Fund** (Page 16)

This fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest related to the 2002 general obligation bonds.

The final debt service payment for this bond issue was paid in January. Per agenda item GCID 20110226, this fund was closed in July, and all remaining assets were transferred to the 2003 General Obligation Debt Fund.

### **FUND 951 – 2003 General Obligation Debt (Detention Center)** (Page 17)

This fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest related to the 2003 detention center construction bonds.

The revenues for this fund are primarily property taxes collected in the fourth quarter. In 2011, taxes were budgeted at \$5.9 million. The largest component of the tax category, real and personal property tax, was budgeted at \$5.0 million. Through November, the County has received approximately \$5.4 million in real and personal property taxes. Intergovernmental revenues are receipts from the State for transfer tax received when real estate is sold in the County. Other Financing Sources revenue of \$7.9 million was received when the 2002 General Obligation Bond Debt Service Fund was closed. To date, this fund has exceeded the annual revenue budget by nearly \$700,000.

Debt service payments are made in January and July.

**FUND 105 – Recreation Fund** (Page 18)

This fund is used to account for the operations and maintenance of County parks and recreational facilities. Financing is provided by a specific property tax levy and miscellaneous revenues including admissions, concessions, and sport activity fees.

Real and personal property tax revenues comprise the majority of tax revenues in this fund, and are received in the fourth quarter based upon the property tax calendar. In 2011, taxes were budgeted at \$24.6 million. The largest component of the tax category, real and personal property tax, was budgeted at \$20.9 million. Through November, the County has received approximately \$21.2 million in real and personal property taxes. Intergovernmental revenue is a Real Estate Transfer Tax received from the State and fluctuates based upon property sales in the County. Charges for Services are collections from recreational activities and special events throughout the year. Collections will continue to stay below budget due to lower participation in programs. Miscellaneous revenues are primarily received from facility equipment rental fees. Based on discussion with the Department of Community Services, there has been an increase in facility rentals and additional utility reimbursements for field lighting.

**FUND 003 – Speed Hump Fund** (Page 19)

This fund supports the County's speed hump program. Revenues are generated from properties benefiting from existing speed humps for the purpose of maintenance.

Charges for Services are collected as special assessment fees in the fourth quarter with property tax collections. Through November, the County has recorded nearly \$109,000 (or 95.0% of budget).

Based on discussions with the Department of Transportation, maintenance expenditures in the amount of \$17,000 are expected to post by year end. Expenditures are projected to end 2011 slightly under budget.

**FUND 002 – Street Lighting Fund** (Page 20)

This fund supports the County's street light program. Revenues are generated from properties benefiting from existing street lights for the purpose of utility payments. The last fee increase for the street light program was in 2000, and for the past several years, utility expenditures have exceeded revenue received. Reserves have been used to balance the budget, but to continue operations a fee increase will be necessary in the near future.

Charges for Services are collected as special assessment fees in the fourth quarter with property tax collections. Through November, the County has received nearly \$5.9 million (or 95.6% of budget).

The expenditures for utilities post one month in arrears. Based on conversations with the Department of Transportation and current utility billing rates, expenditures are projected to end 2011 under budget.

**FUND 030 – Juvenile Court Supervision Fund** (Page 21)

This fund accounts for revenues collected as supervision fees from those who are placed under the courts' formal or informal supervision in order for the court to use those collections toward expenses for specific ancillary services.

This activity was previously reported as an agency fund, but in accordance with Generally Accepted Accounting Principles, has been properly reclassified to this new Special Revenue fund.

**FUND 085 – Corrections Inmate Fund** (Page 22)

This fund accounts for proceeds received from commissary sales to provide recreational materials for the benefit of the inmates at the Corrections Facility.

Partially related to a Georgia Department of Corrections ruling that prohibits tobacco products in all Georgia prisons, revenues through November continue to be below expectation for merchandise sales. Despite the increase in prices on September 1, to date, revenues remain below budget.

Expenditures through November are below expectation due to the State Criminal Alien Assistance Grant Program supporting General Educational Development (GED) testing for inmates. Expenditures are projected to end 2011 approximately \$66,000 or 48% under budget.

A funds reservation has been created in 2011 of \$36,919 to ensure that sufficient funds are available for the 2012 budget.

**FUND 090 – Sheriff Inmate Fund** (Page 23)

This fund accounts for proceeds received from commissary sales to provide recreational materials for the benefit of the inmates at the Detention Center.

Expenditures through November are below expectation due to the Sheriff's Department utilizing GED grant funding paid by Gwinnett Technical College for inmate GED testing. Based on the current trend, expenditures are projected to end 2011 approximately \$137,000 or 38% under budget.

**FUND 075 – Crime Victims Assistance Fund** (Page 24)

This fund accounts for the transactions of the Crime Victims Assistance Fund. Revenues are received from a 5% charge collected on fines within the Recorder's, Juvenile, State, Superior, and Magistrate Courts of Gwinnett County. Revenues are also received from 5% of fines from municipalities within Gwinnett County. These funds must be used to provide assistance to crime victims.

Fines and Forfeitures revenue is posting one month in arrears. Also, cases that are diverted from trial, which are not assessed the 5% crime victim fine, are on an upward trend. When comparing year-to-date actuals for Crime Victims Fines, 2011 revenues are down by 12.6% when compared to 2010 and 15.7% when compared to 2009, and the fund is projected to end 2011 with less revenue than budgeted.

Solicitor General – Year-to-date expenditures are below expectation primarily due to vacancies.

**FUND 080 – District Attorney Federal Asset Sharing Fund** (Page 25)

This fund accounts for revenues received from an equitable sharing agreement between the Department of Justice and the Gwinnett County District Attorney for proceeds from confiscations.

**FUND 070 – Police Special Justice Fund** (Page 26)

This fund accounts for revenues resulting from the U.S. Department of Justice confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to the appropriate Treasury and State funds were completed in August.

**FUND 071 – Police Special Treasury Fund** (Page 27)

This fund accounts for revenues resulting from the U.S. Department of Treasury confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to this new Fund were completed in August.

**FUND 072 – Police Special State Fund** (Page 28)

This fund accounts for revenues resulting from the State of Georgia's confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to this new Fund were completed in August.

**FUND 065 – Sheriff Special Justice Fund** (Page 29)

This fund accounts for revenues resulting from the U.S. Department of Justice confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any

money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to the appropriate Treasury and State funds were completed in August.

**FUND 066 – Sheriff Special Treasury Fund** (Page 30)

This fund accounts for revenues resulting from the U.S. Department of Treasury confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to this new Fund were completed in August.

A funds reservation has been created in 2011 of \$499,670 to ensure that sufficient funds are available for the 2012 budget.

**FUND 067 – Sheriff Special State Fund** (Page 31)

This fund accounts for revenues resulting from the State of Georgia's confiscation of money or the sale of property from illegal drug and narcotics activities. The law states that any money or property confiscated in this manner shall be used for restricted purposes, and all expenditures are validated against federal and state guidelines.

Federal and state guidelines require that Federal Justice, Federal Treasury, and State Special Operations Funds be maintained and accounted for separately. New funds and related budgets were created at reconciliation to appropriately account for and report these activities. Transfers to this new Fund were completed in August.

A funds reservation has been created in 2011 of \$99,950 to ensure that sufficient funds are available for the 2012 budget.

**FUND 095 – E-911 Fund** (Page 32)

This fund accounts for operations of the E-911 Communications Center. Revenues are primarily received from monthly subscriber fees remitted by wired and wireless telecommunication providers.

Expenditures are under expectation mainly due to reduced 911 system and database maintenance costs

**FUND 055 – Stadium Fund** (Page 33)

This fund accumulates stadium-related revenues including motor vehicle rental taxes in order to pay debt service on the Stadium construction bonds and insurance expenditures.

While motor vehicle taxes are collected one month in arrears, the numbers continue to be strong. Intergovernmental revenue was realized in the form of a one-time annual payment from

the Gwinnett Convention and Visitors Bureau in January. Charges for Services revenue, which includes: ticket sales; parking revenues; and naming rights, has exceeded the annual budget by 5.57%, primarily due to parking revenue coming in higher than budgeted.

Debt service payments occur bi-annually in January and July. Payments currently include interest only, and principal payments will begin January 1, 2014.

**FUND 050 – Tourism Fund** (Page 34)

This fund accounts for the collection and disbursement of hotel/motel tax revenue in accordance with State law which includes debt service payments for the Gwinnett Center and parking facility.

While hotel/motel taxes are collected one month in arrears, the numbers continue to be strong and it appears as though they will meet or exceed budget. Other Financing Sources revenue of \$4.8 million was received from closing the Tourism Sustainability Fund.

Debt service payments occur biannually in March and September.

**FUND 051 – Tourism Sustainability Fund** (Page 35)

In accordance with a new Governmental Accounting Standards Board (GASB) statement, this fund was closed in July, and all remaining assets have been transferred to the Tourism Fund.

**FUND 040 – Tree Bank Fund** (Page 36)

This fund accounts for activities related to the Gwinnett County *Buffer, Landscape and Tree Ordinance*. During the permitting process, the developer has the option to pay money when the required tree density units cannot be met on site. The monies collected must be used by the Department of Planning and Development, Community Services and/or Support Services for the planting of trees at parks, greenways, fire stations, and libraries within the same commission district in which the development is located or within five miles of such district. Alternate planning locations may be approved by the Director of the Department of Planning and Development.

Expenditures for this fund occur as projects are identified and approved.

**FUND 520 – Airport Operating Fund** (Page 37)

This fund accounts for the operation and maintenance of the County airport.

The Department of Transportation reported that overall revenues are on track to exceed the revenue budget. However, a spike in gas prices, bad weather over the next few months, or other issues beyond the department's control could impact revenues (particularly fuel) before the end of the year.

Transportation expense year-to-date is lower than expected, driven by a one month delay in the posting of utility expense and lower than expected repair, maintenance, and parts expenses. Contracted services and parts are purchased on an as needed basis. Based on trend analysis, expenses for the year are projected to come in under the annual budget appropriations.

**FUND 515 – Local Transit Operating Fund** (Page 38)

This fund accounts for the operation and maintenance of the Transit System. Revenues are received from fares and a contribution from the General Fund.

Charges for Services revenue are consistent with prior year receipts for the same time period. Miscellaneous revenue is over expectation due to fuel rebate checks received in April in the amount of \$363,080 for the last quarter of 2009 and all of 2010. Other Financing Sources include Contributions to Transit from the General Fund. On November 15<sup>th</sup>, the Board of Commissioners approved a resolution to implement transit system fare policy and pricing changes, which are consistent with the objective that one-third of the expenses for transit be funded by users of the system. Also, approximately \$2.6 million in revenues is being reclassified to the Local Transit Operating Grant Fund (515G) to properly match grant related revenues with grant expenses.

**FUND 595 – Solid Waste Operating Fund** (Page 39)

This fund accounts for the operations as provided in the *Solid Waste Collection and Disposal Services Ordinance*. Tax revenues are received from non-exclusive franchise fees paid by commercial waste haulers. Residential service fees are paid by homeowners in unincorporated Gwinnett County and reported as Charges for Services. The residential fees billed and collected in 2010 were for 2011 services and accounting principles require that Gwinnett County report that revenue in 2011. Each month 1/12th of the amount deferred in 2010 is reported as 2011 Charges for Service revenue. Residential service fees billed and collected in 2011 will be reported as revenues in 2012.

Tax revenues are received quarterly through franchise fees, which are expected to end the year slightly over budget due to new application fees and late fees. The current Charges for Services revenue trend is slightly higher than expected due to conservative revenue estimates in the first full year of this program.

Payments to haulers lag one month. Due to long-term vacancies and a reorganization of temporary positions, expenditures are expected to end the year under budget. Based on discussions with Solid Waste and Personal Service savings projections, appropriations are projected to end the year slightly under budget.

**FUND 590 – Stormwater Operating Fund** (Page 40)

This fund supports the operation, maintenance, and capital improvement of the County's stormwater system. Charges for Services are calculated based on the impervious surface of a parcel of land and are collected in the fourth quarter with property tax collections.

**FUND 501 – Water and Sewer Operating Fund** (Page 41)

This fund supports the operation, maintenance, and capital improvement of the water and sewer system. Revenues are received from monthly usage bills, connections fees, and development charges.

Contributions and Donations are less than expected due to reductions associated with system development charges. Miscellaneous revenues were expected to be collected in the fourth quarter from the State for rebates related to the Yellow River project for taxes paid on purchased equipment. However, after further discussion with Water Resources, collections may be delayed as long as 24 months from the original submittal date of June 22, 2011. When compared to last year's revenue collections to date, Water and Sewer Operating fund

revenues are approximately \$11 million over last year's and are on target to meet the revenue budget. This increase in revenues is primarily due to the multi-year rate increases which were established in 2009 coupled with the water production levels. Year-to-date water production is up .2% compared to November year-to-date 2010.

Support Services expenses are below expectations due to one vacant position budgeted for 2011 but not filled until August. Water Resources is expected to come in under budget due to personnel vacancies and the related savings from the 90 day vacancy requirement, as well as lower spending on professional services, industrial repair and maintenance, chemicals, and utilities. Based on discussions with Water Resources, they expect to end the year under budget. Information Technology expenses are below expectation. Based on a discussion with Information Technology, more expense will post, and they expect to be slightly under budget at year end.

**FUND 606 – Auto Liability Fund** (Page 42)

This fund accounts for all financial transactions related to the County's property, liability and casualty insurance coverage on vehicles. Revenues are contributions from other Gwinnett County funds and are based on the number of employees and actual third party automobile claims for County vehicles only.

Expenses are below expectation due to lower than anticipated claims to date and pending settlements. Based on discussions with Risk Management, overall expenditures are projected to end the year under budget.

**FUND 610 – Fleet Management Fund** (Page 43)

This fund accounts for all financial transactions related to the maintenance of the County fleet.

Charges for Services revenue is lower than anticipated as a result of fewer than expected billable hours for shop services. Miscellaneous revenue year-to-date reflects an annual payment in the amount of \$231,000 received from the Board of Education for their portion of fuel site maintenance costs. In addition, this fund has a planned use of net assets resulting from the implementation of a cost allocation plan.

Expenditures are below expectations due to lower than anticipated shop services performed. Based on discussion with the Fleet division, they expect to end the year under budget.

**FUND 605 – Group Self-Insurance Fund** (Page 44)

This fund accounts for all financial transactions related to the payment of premiums and benefits for active employees' health, disability, and life insurance. Revenues are received from employee and employer contributions.

**FUND 602 – Risk Management Fund** (Page 45)

This fund accounts for all financial transactions related to the County's property liability and casualty insurance. Revenues are received from charges to the user departments based on the number of employees, prior claims, and property liability coverage needs.

Financial Services expenses are lower than anticipated due to pending settlements and costs associated with claims incurred. Based on discussions with Risk Management, overall expenditures are projected to end the year under budget.

**FUND 611 – Vehicle Replacement Fund** (Page 46)

This fund accumulates resources for the purchase of vehicles, and as such, in accordance with generally accepted accounting principles, the balance in this fund has been transferred to the Capital Vehicle Fund. Final transactions to close the fund are scheduled to take place in the fourth quarter.

**FUND 604 – Workers' Compensation Fund** (Page 47)

This fund accounts for financial transactions related to the payment of worker's compensation claims. Revenue is received from the user departments based upon the number of employees and prior claims.

Expenses appear lower than anticipated at this point in time; however, there are several claims that are expected to be settled by the end of the year. Based on discussions with Human Resources and Risk Management, it is projected that expenses for the year will be close to budgeted appropriations.

# YTD financial report 2011 gwinnettcouy
